

VACANCY NOTICE

REF: U20012025

POSITION	FINANCE MANAGER
LOCATION	KUALA LUMPUR
INDUSTRY	EDUCATION
TYPE	FULL TIME

JOB SUMMARY

The Finance Manager is responsible for managing the overall general accounting function. Will oversee, implement, and maintain accounting systems, procedures, and policies. This position ensures the accurate compilation, analysis and reporting of accounting data and acts as liaison between the company, government, client, and auditors in providing required information and ensuring proper information is maintained.

This role involves evaluating financial information and conducting strategic analyses and reporting, including profit and loss, balance sheet, cash flow, pricing, and more. Its primary aim is to influence decision-making within the organization and spearhead cross-business initiatives.

JOB REQUIREMENTS

- Bachelor's degree in Finance, Accounting, Economics, or related field (CPA, ACCA, or CFA is a plus)
- At least 5 years of experience in finance or accounting roles
- Self-starter with strong interpersonal, teaming, and problem-solving skills
- Thorough knowledge of general accounting principles including application of general accounting theory
- Ability to develop and maintain strong client relationships
- Exceptional analytical and problem-solving abilities
